Steps to Create/Join a Team on GitHub:

1. Click on the link.
2. Following page will be opened.

3. Check if your team exists under "**Join an existing team**" (as you see Team 42 already exists in the figure below).

4. If your team already exists, then Click on the "**Join**" button beside your team name.
5. Else, one of the team members should create a new team with the name "**Team X**" (where X represents your team number Ex: Team 1 for X=1, Team 18 for X=18) using the field annotated below.

DASS-Spring-2024-classroom

Accept the group assignment —
DASS Project Spring 2024

Before you can accept this assignment, you must create or join a team. Be sure to select the correct team as you won't be able to change this later.

Join an existing team

Team 42 | Join
1 student

OR Create a new team

Create a new team | + Create team

Notes:

If we find any team **not following** the above **naming guidelines** or **creating more than 1 team** will be **deleted permanently.**
